### Grading Policy:

6 Wk. Avg.: 60% - Major grades: Tests and Projects

40% - Minor grades: Daily Work, Homework, and Quizzes

### Retesting:

1. It is a requirement to attend two (2) tutorial sessions prior to retesting
2. Retesting will take place upon student failure and **student request** except for research papers, major projects and semester exams. It is the student's responsibility to make arrangements for the retest. No retests are available for semester exams or for students who received a "0" for cheating.
3. The student must schedule the retest **within five (5) days** of receipt of the failing grade, except under extenuating circumstance determined by the principal.
4. The student may only raise his/her score to a maximum of 70 by taking the retest.
5. A student may not be retested more than one time for any given original major assessment.
6. Retests will **only** be administered in the morning (before classes begin) or during lunch, upon student request.
7. Retesting Procedures apply to all students.

### Cheating:

1. Cheating is interpreted as a procedure which involves the unauthorized giving or receiving of help, offering or seeking aid, or the use of material prepared in advance for use on an assessment. Cheating also involves books or notes in any form being used during an examination without the permission of the teacher. The penalty is a "0" on that work, and **a failure for the semester [which will be recorded as a zero (0) in the teacher's grade book] if cheating occurs a second time during the same semester.**
2. The statement "**The penalty is a zero "0"** on that work" is interpreted to mean the actual work that the student cheated on by itself or that the student had access to during the examination at the time the student was caught cheating. Retesting will not be allowed in this situation.

### MAKE UP WORK:

1. No student will be refused an opportunity to make up work if he/she is absent. The student will be given the same number of days as the number of days he/she was absent to turn in the work.

2. A student must make arrangements for make up work on the day he/she returns to school. The teacher and student can decide when work is due.
3. Students absent only on a known test day will be expected to take a test upon return. If any student has been absent the day prior to an announced test and if nothing new has been covered, the student will be expected to take the test at the regularly scheduled time. If the student has been absent two or more days, the student will immediately make arrangements with the teacher for the make up tests.
4. Any student who does not appear for a prearranged make-up test or does not meet his prearranged due date for other work may receive a zero (0) on that test, work, or retesting.
